"WE WALK FOR THOSE WHO PAVED THE WAY"

This year Piedmont Adult Living Services will be "**Walking For Those That Paved The Way**". Join us as we take our first steps on September 18th, 2010 at our 1st Annual Walk-A-Thon. We request all of our supporters to join us in this historical event celebrating the Memory of Dr. Fletcher Keith, Judge C.E. Johnson and Phillip Gerdes who were all very instrumental in supporting both financially and physically our successful golf tournament over the last 8 years. They all worked tirelessly to raise the community **awareness** of PALS Adult Day Care Services. Please come join us in our walk to raise awareness bringing family, friends, caregivers and community members together - who all want to make a difference.

After the walk, PALS will hold an open house and light refreshments will be served. Our open house provides individuals with the opportunity to see how the participants of PALS spend their day. This is also the best time to ask questions pertaining to PALS. Please plan to attend and discover what our wonderful program is all about.

Please RSVP if you plan to walk by Wednesday, September 15th, 2010.
